

Randy's House

AJJ

[Verse 1]

I've got a rotten apple core feeling
Dying like a living ghost
Now I'm lying on the ground not making a sound
Thinking of you the most

[Chorus]

And I hope that our candles flicker and die
So that our hearts don't burn to
The ground
Down, down just like Randy's house

[Verse 2]

When you kissed me on the cheek with a gun
I became a setting sun
Now you're heading west bound while I'm lying on the ground
Thinking that you were the one

[Chorus]

And I hope our candles flicker and die
So that our hearts don't burn to the ground
Down, down just like Randy's house

And I hope that our candles flicker and die
So that our hearts don't burn to the ground
Down, down just like Randy's house
