

Butterflies

Queen Naija

[Verse 1]

I don't wanna fall so fast
But I'm open
They always say that good things never last
And I know 'cause I've been broken
I'm tryin' to protect my heart
But you're making it so hard
And I guess it's safe to say
You take my pain away

[Chorus]

And I just wanna hold you all night long
Whenever I'm around you, nothing's wrong
I'm hoping that you'll always be around
You got me on a high, I don't wanna come down
And I love it, I love it (these butterflies)
Yeah I love it, I love it (I'm on a high)
Yeah, I love it, I love it
And I just wanna love on you (ooh)

[Verse 2]

Ever since you crossed my path
Everything is different
You always know just how to make me laugh
You got me all up in my feelings
And as much as I love the feeling
I hate it, it gets me frustrated
Wanna say just how I feel
But I don't know how you would take it
Why do you do what you do to me?
Got me doing things that I don't do usually
I promised myself I wouldn't fall
But every time I see you, I just wanna risk it all
And baby, yeah, I know it ain't right
But the chemistry we have is so hard to fight

[Chorus]

And I just wanna hold you all night long
Whenever I'm around you, nothing's wrong
I'm hoping that you'll always be around

You got me on a high, I don't wanna come down
And I love it, I love it (these butterflies)
Yeah I love it, I love it (I'm on a high)
Yeah, I love it, I love it
And I just wanna love on you (ooh)

[Bridge]

Just wanna love, just wanna love on ya (uh, uh)
Just wanna love, just wanna love on ya (uh, uh)
Hey, uh, uh

[Outro]

And I just wanna know you would catch me if I fall
If you tell me yeah, boy I might just risk it all
If you tell me no, it's okay, then I will leave (ooh)
I hope you feel the same, you're the only one I see
I see, I see
Just wanna love, just wanna love on ya (uh, uh)
Just wanna love, just wanna love on ya (uh, uh)
Hey, uh, uh
