## Tommy Trash

"Love U Give"

Is good for me, is good for me, is good for me....

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

Is good for me

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

It's gettin stronger and stronger and stronger  
It's gettin stronger and stronger and stronger  
It's gettin stronger and stronger and stronger  
It's gettin stronger and stronger and stronger

The love you give to me

Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me

The love you give to me  
Is good for me  
The love you give to me  
Is good for me  
The love you give to me  
Is good for me
