Anna Kendrick, Justin Timberlake, James Corden, Esther Dean, Icona Pop, Kenan Thompson & the Pop Tro

(Hey!)
(Hey!)Woke up in the morning light
Today is the day that I do everything right
Now that I'm Queen, I've got a kingdom to run
'Cause Trolls, they wanna have fun
Yeah, Trolls just wanna have fun!They just wanna, they just wanna
They just wanna (Hey!)
Trolls just wanna have fun!Lived underground to get away from the world
Till I had my life changed by a beautiful girl
Just need the guts to tell her that she's the one
But you know, Trolls, they wanna have fun
Oh, Trolls just wanna have... (Hey!)
That's all they really want
Some fun
When the working day is done
Oh, Trolls, they wanna have fun!
Oh, Trolls just wanna have...Good times
These are the good times (We have a good time, yeah)
Leave your cares behind
These are the good times (Havin' the best time, oh yeah)
Leave your cares behindThe chills that you spill up my back
Keep me filled with satisfaction when we're done
Satisfaction is what to comeI couldn't ask for another
No, I couldn't ask for anotherYour groove, I do deeply dig
No walls, only the bridge, my supper dish
My succotash wish
I couldn't ask for another
No, I couldn't ask for anotherGroove is in the heart
Groove is in the heartTiny Diamond is my name (Diamond!)
Come straight from my Daddy's mane (Mane!)
My whole body's made of glitter (Glitter!)
And I'll throw it in your face (Face!)
I love when I make music
And the groove is in my bones (My bones!)
Just like my aunt Queen Poppy
Someday I'll sit on the throne (King Tiny!)Groove is in the heart, yeah
Groove is in the heart, yeahThey just wanna, they just wanna... (These are the good times)
They just wanna, they just wanna...(These are the good times)
They just wanna, they just wanna... (These are the good times)
They just wanna, they just wanna...Trolls just wanna have...Fun
