

Baby Come Close

Smokey Robinson

Turn the lights down low
Baby come close
Put your hand in mine
Oh please be kind Let me touch your heart
Let the fire start
Ooo so warm, so warm Soft music plays
Please sit down and stay
Put your trust in me
Let this love be
This is for real
Let time stand still
Ooo so warm, so warm Turn the lights down low
Baby come close
Ooo so warm, so warm
So warm, so warm Ooo turn the lights down low
Baby come close
Let dreams come true
For me and you
We won't regret
We won't forget
Ooo so warm, so warm, yeah yeah
So warm, so warm
So warm Turn the lights down low
Baby come close
