

# Nothing Good (feat. G-Eazy and Juicy J)

## Goody Grace

[Goody Grace:]  
Late nights, red eyes  
Seen the cops off, flashing lights when they're driving by  
When they're driving by  
Six shots, lost thoughts  
Then we fall down gotta walk just a few more blocks  
Just a few more blocks Maybe it's the chemicals talking  
Maybe I'm just feeling lucky  
But I'm not missing out on nothing  
They say nothing good  
Ever happens after 2AM  
Trouble in the neighborhood  
Laying in strangers' beds  
Yeah, I know how it looks  
But we can sleep when we're dead  
'Cause whoever said nothing good  
Ever happens after 2AM  
Well, they never met you [G-Eazy:]  
This verse is like Vampire Diaries  
The times that inspire these  
Long nights in strangers' houses, after party properties  
Neighbors tryna call the cops but nobody is stoppin' these  
Took her to the bathroom to make out and then she drops the knees  
Six shots and I'm havin' sick thoughts  
And the clock, tick tocks  
Still I finally feel boxed in  
Drugs in her Chanel, she puts her lip gloss  
And the sun is comin' up  
Is this the sauce they gettin' lost in?  
[Goody Grace (G-Eazy):]  
They say nothing good (Yeah)  
Ever happens after 2AM  
Trouble in the neighborhood (Yeah)  
Laying in strangers' bed (I'm just sayin', can you tell me?)  
Yeah, I know how it looks (And I know how it looks)  
But we can sleep when we're dead (Trust me)  
'Cause whoever said nothing good  
Ever happens after 2AM  
Well, they never met you [Juicy J:]  
Your boy Juicy J  
Yo Goody what's up man?  
Yeah, yeah

You know me, I can change your life  
Do that with a swipe  
Cold as ice, like what's on my neck  
Save you like I'm Christ  
2AM, I'm just pullin' up  
You still look good as fuck (Woo)  
T-shirt on, with no make up on  
I can't make this up (No)  
It's a shot, to a whole bottle  
We done popped a lot  
I'm from the bottom  
I feel like I'm not, when I'm gettin' top  
Switch position but, never let 'em trick you out your spot  
You the best thing ever happened after two, I swear to God[Goody Grace:]  
They say nothing good  
Ever happens after 2AM  
Trouble in the neighborhood  
Laying in strangers' beds  
Yeah, I know how it looks  
But we can sleep when we're dead  
'Cause whoever said nothing good  
Ever happens after 2AM  
Well, they never met you(Yeah baby, they never met you)
