

# Lost and Found

Brooks & Dunn

[Verse 1]

I lost her trail on a Friday night  
She was gone before I got home  
She'd been getting restless  
In that big house all alone  
I've been up and down these city streets  
For three nights in a row  
And lord it's hard to find that girl  
When she gets the urge to go

[Chorus]

It's kinda like a lost and found  
In a border town  
Asking bout a diamond ring  
They just look at you  
Like you've lost your mind  
Say they haven't seen a thing  
But I know she's been here lately  
I can still smell her perfume  
And she gets crazy on a full moon

[Verse 2]

And I know she'll be coming back  
Her car is waiting right outside  
But, I don't want to think about  
Who's taking her for a ride  
And her unpredictability  
Is what I love about her best  
Lord I've got to find her quick  
Before she does something I regret

[Chorus]

[Bridge]

She's out there somewhere  
Burning up the night  
Somehow I've got to run her down  
I'm running out of time

[Chorus][x2]
