

# In Case of Fire (feat. Jeff Bhasker)

Mark Ronson

Third michelada  
Second Adderall  
To take the edge off the crazy Jumped out the window  
A human cannonball  
Congratulations, baby Break glass  
Don't you look back  
In case of fire Escape plan:  
Grab what you can  
In case of fire (Girl you know you got burned) Last flight to Juarez  
Two frozen credit cards  
Another borrowed vacation  
Girl, you're a day late  
And twenty thousand short  
Belated realizations Break glass  
Don't you look back  
In case of fire Escape plan:  
Grab what you can  
In case of fire Bad girl  
With good moves  
Big dreams  
But a little confused  
You start fires  
That you can't put out  
Just watch it burn  
Lifetime of heartbreak  
And out of cigarettes  
A melancholy equation Sweet summer memories  
Of the day we met  
Please change the radio station Break glass  
Don't you look back  
In case of fire Escape plan:  
Grab what you can  
In case of fire Bad girl  
With good moves  
Big dreams  
But a little confused  
You start fires  
That you can't put out  
Just watch it burn
