

What I Did For Love (feat. Emeli Sandé)

David Guetta

Talking loud, talking crazy
Locked me outside
Praying for the rain to come
Bone dry again
Guess it's true what they say
I'm always late
Say you need a little space
I'm in your way It hurts, but I remember every scar
And I've learned
But living is the hardest part
I can't believe what I did for love
I can't believe what I did for us
Crash and we burn it to flames
Stitch myself up, then I do it again
I can't believe what I did for love
What I did for love
What I did for love
What I did for
What I did for love What I did for love What I did for love What I did for What I did for
love What I did for love I'm a fool for your games
But I always play
Can't admit it was a waste
There's too much at stake
It hurts, but I remember every start
And I've learned
But living is the hardest part
I can't believe what I did for love
I can't believe what I did for us Passionately burning to flames
Stitch myself up, then I do it again
I can't believe what I did for love
What I did for love
What I did for love
What I did for
What I did for love
What I did for love
What I did for love
What I did for
I can't believe what I did for love
