

# Upside Down

Oliver Tree

[Chorus]

It seems that sometimes I'm stuck upside down  
And it seems that sometimes I'm stuck upside down

[Verse]

Take what you want, what you got, what you waste  
What you give, what you take, what you already have  
There's a lot on your plate, I was wrong, you were right  
It was all my mistake, I'll regret what I did, but  
I give it all away, I give it all away  
Take what you want, what you got, what you waste  
What you give, what you take, what you already have  
There's a lot on your plate, I was wrong, you were right  
It was all my mistake, I'll regret what I did, but  
I give it all away, I give it all away

[Chorus]

It seems that sometimes I'm stuck upside down  
And it seems that sometimes I'm stuck upside down  
It seems that sometimes I'm stuck upside down  
And it seems that sometimes I'm stuck upside down
