

# Time (feat. G-Eazy & Olivver the Kid)

## Skizzy Mars

Wasting all of this time  
I don't mind (mind, yeah no no)  
Wasting all this of time  
I don't, I said I don't mind Tell me who the most consistent  
Is when I leave she be so persistent  
Crib overseas cause my bitch is foreign  
Please light the weed get to problem solving  
Never mind school we got lots of knowledge  
She got some big dreams but she stuck in college  
Look me in the eye said you speak  
Like you got this shit all figured out (all figured out)  
Keenan got the Audi and we all liquored out  
Took one dab now she all trippin' out  
SportsCenter anchor this a whole different route  
She mad I live at home, like you ever moving out  
Bitch, patience is the key  
I know I gotta lay up but I'm taking it from three  
I'm pacing victory  
Just wait and see, time is of the essence  
Wasting never wasted, I'm taking this for me  
Wasting all of this time  
I don't mind (mind, yeah no no)  
Wasting all this of time  
I don't, I said I don't mind  
Tell me who the most consistent  
Is tell her chill, be home in an instant  
I took her out for dinner, called the Uber; see it yet?  
Look at me and laugh, she say "you ain't copped the Beamer yet?"  
Selling records now, ain't you supposed to flex more?  
Playing in like 16 countries on my next tour  
She said "I get it but at least could send a text more  
If you got time for the music, what's the rest for?"  
Everything in due time, patience is a virtue  
Thinking about what other people got should never hurt you  
If you're too weak your heart gets broken like a curfew  
Anything worth having always takes some time to pursue  
Nothing comes fast except a virgin  
Can never take a shortcut, I'm not that type of person  
If you love what you have, well then what's the point of searching?  
I ever hear you cheatin' it's a wrap like a turban  
Quick visits here and there, hope it helps still  
I know she longs for commitment and something else real

I'm never around, she look like she on the shelf still  
Told me "you don't cop a ring soon, someone else will"  
Wasting all of this time  
I don't mind (mind, yeah no no)  
Wasting all this of time  
I don't, I said I don't mind Tell me who the most consistent  
B gotta leave cause I need my distance  
Still feeling different, missing Pops on Christmas  
Still spit the truth and the youth will listen  
Niggas after cheese, niggas on a mission  
Make 'em cooler now, I'm the new edition  
5'5" LA girl, cute with dimples  
It's not complicated, yo, it's super simple  
Now Skizzy be the man wanna see you doing good  
I don't wanna get rich, leave you in the hood  
Girl in my eyes you the dopest  
Reason why I love you cause you always keep focused  
And I'm always stressing but you know I keep hoping  
Had the door closed now you always keep open  
Keep smoking, keep motion  
It's called progress, take breaks but not yet  
Don't take it out of context  
But Wasting all of this time  
I don't mind (mind, yeah no no)  
Wasting all this of time  
I don't, I said I don't mind
