

# Pillow

Bebe Rexha

I just wanna kiss your face  
I just wanna feel your gaze  
I just wanna, I just wanna  
I just wanna be where you are  
I just wanna feel your touch  
I'm not asking for too much  
I just wanna, I just wanna  
I just wanna wake up where you are I used to think that love was just so easy  
But I couldn't be less right, yeah  
I finally found someone perfect, just for me  
Gotta fly thousands of miles, yeah  
I'll be alright, just one more night  
I'll be just fine, holdin' my pillow  
Pretending it's you though  
I'll be alright, just one more night  
I'll be just fine, holdin' my pillow  
Pretending it's you though I need a minute to breathe you in  
Just a second to taste your skin  
I just gotta, I just gotta  
Feel you here right next to me  
Can we please just go back in time?  
Those lazy Sundays, you and I  
'Cause every hour and every day  
Gets more painful when you're away I used to think that love was just so easy  
But I couldn't be less right, yeah  
I'll be alright, just one more night  
I'll be just fine, holdin' my pillow  
Pretending it's you though  
I'll be alright, just one more night  
I'll be just fine, holdin' my pillow  
Pretending it's you though And I can't lie, babe, I'm losing my patience  
Too much waiting for you  
Every time that I wake up  
My hands go where I'm waiting for you  
I know I say that I'm fine  
But I'm losing my mind  
Just need to hold you  
Don't take your time  
Oh, baby, I'll be alright, just one more night  
I'll be just fine, holdin' my pillow  
Pretending it's you though  
I'll be alright, just one more night

I'll be just fine, holdin' my pillow  
Pretending it's you though
