

X (feat. KAROL G)

Jonas Brothers

X (Letra/Lyrics)

YeahUh-la-la, by the pool, we're singing bailando
Two ni-nights with a view, yeah, keeping those blinds closed?(Yeah)
She?said, "I wanna?find somebody by nightfall"
Uh-na-na, could it?be ya, baby, I like youWatching her move, I was lost in the rhythm
And she pulled me close by the look in her eyes
Don't know her name, but I know that I need her
She said, "Boy, you won't be lonely tonight"She said, "Uh-uh-uh"
Kiss me like your ex is in the roo-oo-oom
Don't you be afraid of something new
If you play it right
You can be that someone, yeah, that someone who
Won't leave me lonely tonight
Yeah, yeah, yeah
Yeah, yeah, yeah
YeahUh-la-la, make a move, yeah, baby, by last call
Full moon night with the lights off, baby, your eyes glow (Yeah)
Don't know why but I feel like I'mma go psycho (Psycho)
Uh-la-la, if it's cool, yeah, baby, I'd like toWatching her move I was lost in the rhythm
And she pulled me close by the look in her eyes (Yeah)
Don't know her name, but I know that I need her
She said, "Boy, you won't be lonely tonight"She said, "Uh-uh-uh" (Uh-uh-uh)
Kiss me like your ex is in the roo-oo-oom (Uh, uh, uh)
Don't you be afraid of something new
If you play it right
You can be that someone, yeah, that someone who (Yeah)
Won't leave me lonely tonight
Caliente, te pongo caliente
no te de miedo vivir algo diferente
las ganas no se equivocan
con tu lengua en mi boca
vive la vida loca, loca, locatoda la noche bailando contigo
suave y salvaje como un animal
sé que te gusta pero esto es prohibido
me voy contigo dame una señalShe said, "Uh-uh-uh" (Uh-uh-uh)
Kiss me like your ex is in the roo-oo-oom (Uh, uh, uh)
Don't you be afraid of something new
If you play it right
You can be that someone, yeah, that someone who
Yeah, yeah, ah
Won't leave me lonely tonightUh, uh, uh
Uh, uh, uh

Uh, uh, uh
Tonight
Uh, uh, uh
Someone who
You won't be lonely tonight
