

I Got It Easy

Michael Bublé

Never been in trouble, And never got hurt. Never had to struggle, And never had to work. Hard
for anything before, believe me! Lord, I've got it easy! I feel guilty little, I've been given so
much. People are dying in dark while I'm lying in the sun. And I sleep like a baby, every night it
seems I'm having the sweetest dreams! I can say honestly, I got it easy! I'm not trying to brag
about it. So I say I appreciate it completely. And when I'm acting a fool, you're never cool to me! I
got it easy, yeah, yeah, oh, oh, yeah, yeah! It probably isn't much fun to be alone. I wouldn't
know, cause I've got you here, keeping me. And when I'm lost, you say me straight sometimes
I'm needed. You raise me up, babe! I got it easy! Oh, some people drown in here, while I'm
walking is only needed. I don't mind in a bit all this cold rainy evening. I'm warm in bed, got a
beautiful woman beneath me. And when I, I got it easy, yeah, yeah, oh, oh, yeah. I got it easy,
yeah, yeah, oh, oh, yeah, yeah! All this wide opened to me. But it's love and it completes
me. Lord, I got it easy!
