

CAN'T GET OVER YOU (feat. Clams Casino)

Joji

I can't get over you
Can't get over you
And before I die I pray that
I could be the one
That I could be the one
But I won't be no fun
If I can't have you no one can
Limelights, can't allow me
Can you show me
To the feeling?
It felt like, more curse like
But I want you, and alright (you're alright)
Tell me more I got a box cutter with your name on it
Tell me more I can't stay this long on the same topic
I don't know you, why would I fall in love with you?
I don't have no social cues
I'm all for you
Ay (ha, ha, ha)
I can't get over you (yeah)
Can't get over you (yeah)
And before I die I pray that
I could be the one
That I could be the one
But I won't be no fun
If I can't have you no one can
