

# Dreams

Bazzi

A place  
Where space  
And time  
Doesn't exist  
Just us I had a dream about you last night  
Your eyes were shining so bright  
Those lips and that bittersweet smile  
I need this forever  
Beautiful dream, yeah, yeah  
Don't know what it means, yeah, yeah  
All I know is I don't know  
But I need this forever  
Straight up out a dream  
Like a magazine  
Girl, it felt good with your body on me  
We should never ever leave the sheets, yeah  
We could stay forever underneath, yeah Ooh, ooh, ooh  
It's like déjà vu when my hands up on you, like  
Ooh, ooh, ooh  
I might be naive, but you're more than a dream, yeah  
Ooh, ooh, ooh  
You made me feel alive, got me two times five, but  
Ooh, ooh, ooh  
Dreamin' all about you  
Yeah yeah You give me feelings that I can't explain to you  
Girl, I was cold for a while, now I'm something new, yeah  
Tell me what you want, anything at all, I got it though  
Swear to God we unstoppable, yeah  
I had a dream about you last night  
Your eyes were shining so bright  
Those lips and that bittersweet smile  
I need this forever  
Beautiful dream, yeah, yeah  
Don't know what it means, yeah, yeah  
All I know is I don't know  
But I need this forever Ooh, ooh, ooh  
You give me feelings that I can't explain to you  
Ooh, ooh, ooh  
Girl, I was cold for a while, now I'm something new  
Ooh, ooh, ooh  
Tell me what you want, anything at all, I got it though  
Swear to God we unstoppable, yeah
