

Don't Waste My Time (Elijah Burke)

Jim Johnston

I'm ready to shine (Yeah)
My Time
I want my close-up baby
Don't waste...(Yeah, uh huh) my time
Yo, yo, here we go

I've been sittin here waitin for so long
Watchin your weak moves you're not that strong
Now I'm ready to prove the world wrong
Give me the stage and let's go

Yo, I'm a professional
Don't deal with amateurs
And all them talk about you
Ain't nothin' but premature
My mind and your body
A man and mentor
And I'm about to give it to you hardcore
Flip it to the side (I'm ready to shine)
Like it don't even matter
Put you through the floor
Have your head on a platter
Like the rest of you cowards who watch the fools scatter
Then all the trash talkin'
You're a dead man (C'mon)

Don't waste (Don't waste) (Yeah)
My time (My time) (Yeah)
Give me the spotlight
Cause this is my night
And I'm gonna shine
Don't waste (Don't waste)
It's my time to shine (My time)
My time
I've done paid my dues
I won't play the fool
This is mine
And now I'm ready man
Don't waste (Don't waste) (Yo)
My time (My time)

Give me the spotlight
Cause this is my night
And I'm gonna shine (Uh-Huh)
Don't waste (Don't waste)
Don't waste my time (My Time)
My Time
I've done paid my dues
I won't play the fool
This is mine
And now I'm ready man (Yo)

Yeah

Don't waste (Don't waste)
My time (My time)
Give me the spotlight
Cause this is my night
And I'm gonna shine
Don't waste (Don't waste)
My time (My time)
I've done paid my dues
I won't play the fool
This is mine
Don't waste (Don't waste)
My time (My time)
Give me the spotlight
Cause this is my night
And I'm gonna shine
Don't waste (Don't waste)
My time (My time)
I've done paid my dues
I won't play the fool
This is mine

I've been sittin here waitin for so long
Watchin your weak moves you're not that strong
Now I'm ready to prove the world wrong
Give me the stage and let's go...
