

# Is There Life Out There

Reba McEntire

She married when she was twenty, she thought she was ready  
Now she's not so sure, she thought she'd done some living  
But now she's just wonderin', what she's living for  
Now she's feeling that there's something more  
Is there life out there? So much she hasn't done  
Is there life beyond her family and her home?  
She's done what she should, should she do what she dares?  
She doesn't want to leave, she's just wonderin' is there life out there  
She's always lived for tomorrow  
She's never learned how to live for today, she's dyin' to try  
Something foolish do something crazy or just get away  
Something for herself for a change  
Is there life out there? So much she hasn't done  
Is there life beyond her family and her home?  
She's done what she should, should she do what she dares?  
She doesn't want to leave, she's just wonderin' is there life out there  
There's a place in the sun that she's never been  
Where life is fair and time is a friend  
Would she do it the same as she did back then?  
She looks out her window and wonders again  
Is there life out there? So much she hasn't done  
Is there life beyond her family and her home?  
She's done what she should, should she do what she dares?  
She doesn't want to leave, she's just wonderin' is there life out there  
Is there life out there?  
Is there life out there? So much she hasn't done  
Is there life beyond her family and her home?  
She's done what she should, should she do what she dares?  
She doesn't want to leave, she's just wonderin' is there life out there  
She doesn't want to leave, she's just wonderin' is there life out there
