

Got Her Own

Ariana Grande & Victoria Monét

Me and all my girls
Keep it lit when we come through
We can buy a table in the bar if we want to Don't be tryna front
'Cause this ain't what you used to Ladies in the buildin', probably makin' more than you
He might got money, but I bet she got her own
You know she independent, when she leave here all alone You already know, you know, you
know, you know, you know
You already know, you know, you know, you know, you know
But you still get it though, but you could still get it (Uh-huh)
You still get it
Only if you win it though, only if you win it (Uh-huh)
You still get it
You know, you know, you know, you know, you know
You know, you know, you know, you know, you know
She got her own
You be throwing money
Yeah, yeah, yeah, we can do that too
Money? Rather spend it
Yeah, yeah, yeah, on them new shoes
Baby, I don't mind
Puttin' you on some new-new Ladies in the buildin'
Probably makin' more than you
He might got money but I bet she got her own
You know she independent
When she leaves here all alone You already know, you know, you know, you know, you know
You already know, you know, you know, you know, you know
But you still get it though
You could still get it, (Uh-huh) you still get it
Only if you win it though, only if you win it (Uh-huh)
You still get it
You know, you know, you know, you know, you know
You know, you know, you know, you know, you know
She got her own
He might got money but I bet she got her own, yeah
He might got (He might got)
He might got
He might got money but I bet she got her own, yeah, mmm
