

Georgia Power

Blanco Brown

[Intro]

Yeah, yeah, yeah, yeah, yeah

[Verse 1]

No, I can't stay

I gotta hit the road

Sometime life teach you a lesson

That makes you cold (Cold!)

[Refrain]

Hell, I gave her everything, even down to my last sin

And she just took my heart and ran away with it

She gave me life (Life!)

And told me everything would be perfect

But it ain't right (Right!)

Don't even know if it was worth it

[Chorus]

You gotta strap up your boots, get your feelings aligned

Yeah, I'll be alright, yeah, I'll be alright

Gotta get in your mood, thank God I'm alive

Yeah, I'll be alright, yeah, I'll be alright

[Post-Chorus]

Eeny, meeny, meeny, meeny, miny, moe

I'll never, ever, ever let her take my soul

Eeny, meeny, meeny, meeny, miny, moe

Don't aim too high, don't shoot too low

Eeny, meeny, meeny, meeny, miny, moe

Everything that live gon' grow

Gotta get it while we're on the go

Bless the hearts that try to take my soul

[Verse 2]

Now, I can't wait (What?)

I gotta make a move (Move!)

Sometimes you find yourself in places

That makes you cross

[Refrain]

Hell, I gave her everything, even down to my last sin, yeah
She paired up with Satan and they became the best of friends
She fed me life
And told me everything would be perfect
But it ain't right
Don't even know if it was worth it

[Verse 3]

Eeny, meeny, meeny, meeny, miny, moe
Said you jumped on a plane, but you jumped the broom
Well, you left your feelings with the honeymoon
Yeah, you left your feelings with the honeymoon
Eeny, meeny, meeny, meeny, miny, moe
Said you dropped your feelings when you left her cold
She was playin' with your heart, tryna get your gold
Playin' with your heart, tryna get your gold

[Chorus]

You gotta strap up your boots, get your feelings aligned
Yeah, I'll be alright, yeah, I'll be alright
Gotta get in your mood, thank God I'm alive
Yeah, I'll be alright, yeah, I'll be alright

[Post-Chorus]

Eeny, meeny, meeny, meeny, miny, moe
I'll never, ever, ever let her take my soul
Eeny, meeny, meeny, meeny, miny, moe
Don't aim too high, don't shoot too low
Eeny, meeny, meeny, meeny, miny, moe
Everything that live gon' grow
Gotta get it while we're on the go
Bless the hearts that try to take my soul

[Bridge]

Sometimes you find yourself alone, and
You need someone by your side, but
They're just not the right one
So you gotta move on, and live life

[Chorus]

You gotta strap up your boots, get your feelings aligned
Yeah, I'll be alright, yeah, I'll be alright
Gotta get in your mood, thank God I'm alive
Yeah, I'll be alright, yeah, I'll be alright

[Outro]

Woo, woo
Woo, woo
Yeah, yeah, yeah, yeah, yeah

Yeah, yeah, yeah, yeah, yeah
