

That Girl

Christina Taylor

Looked in the mirror last night
Same blonde hair, brown eyes
But now there's crazy where sane use to be
Something about me ain't right I've known boys like you
And what you put a young girl through
Well I use to laugh at girls like that
Swore no one could turn me into That girl
You know the one
On a roller coaster ride not having any fun
That girl comin' unwound
One day she's up then the next day she's down
If I was smart I would walk right out that door
Cuz I don't
Don't want to be
That girl anymore
I don't wanna be that girl I use to give advice
To my friends at the middle of the night
I'd say girl, be strong
Just move on
Whatever you do, don't you be like That girl
Can't be alone
Cursing his name, blowing up his phone
That girl comin' unwound
One day she's up then the next day she's down
If I was smart I would walk right out that door
Cuz I don't
Don't want to be
That girl anymore
I don't wanna be that girl I don't wanna be, I don't wanna be I don't wanna be
That girl, you know the kind
Giving her heart and losing her mind
That girl
You know the one
On a roller coaster ride not having any fun
That girl comin' unwound
One day she's up then the next day she's down
If I was smart I would walk right out that door
Cuz I don't, I don't, I don't
Don't want to be
That girl anymore
That girl anymore I don't, I don't wanna be that girl
I don't wanna be

That girl, that girl, that girl
