

Deckchairs and Cigarettes

The Thrills

Well, what can you do
When all that surrounds you
Says slow down
Deckchairs and cigarettes(Theyre sayin)
Lets go to San Diego
Hey thats where all the kids goJust don't change a thing
Just don't change a thing
Just don't change a thing
Well the bottom fell out
On our summer
But we knew
What we got ourselves into(Theyre sayin)
Lets go to San Diego
Hey thats where all the kids goJust don't change a thing
Just don't change a thing
Just don't change a thingLets go to San Diego
Hey thats where all the kids goYou build me up so high,
My darling
You brought me down so low,
You know it
You build me up so high,
My darling
You brought me down so low,
You know itJust don't change a thing
Just don't change a thing
Just don't change a thing
