

Eye for an Eye

Bob Moses

[Verse]

Might as well try
You won't console me
Might as well lie
You can control me
Where will you hide?
Nobody owed you
I'm gonna show you

[Chorus]

Was it all just in my head?
I feel your hands around my neck
'Cause you took what you thought was yours
Now I'll take mine
Don't pretend you're innocent
An eye for an eye

[Verse]

Might as well try
You won't console me
Might as well lie
You can control me
Where will you hide?
Nobody owed you
I'm gonna show you

[Chorus]

Was it all just in my head?
I feel your hands around my neck
'Cause you took what you thought was yours
Now I'll take mine
Don't pretend you're innocent
An eye for an eye

[Bridge]

Why you gonna leave me so long?
Prisoner walled inside
See what you want to think and
I'll take it back what you did

Why? An eye for an eye

[Chorus]

Was it all just in my head?
I feel your hands around my neck
'Cause you took what you thought was yours
Now I'll take mine
Don't pretend you're innocent
An eye for an eye
An eye for an eye

[Outro]

'Cause you took what you thought was yours
Now I'll take mine
Don't pretend you're innocent
An eye for an eye
