

# This Is Such a Pity

Weezer

[Verse 1]

How is your heart, little darling?  
I didn't mean to get so mad  
Let me just hold you closely  
How did things get so bad?

[Pre-Chorus 1]

I know how to pick on you  
You pushed me over the edge  
We caused so much agony  
We can't seem to move ahead

[Chorus]

This is such a pity  
We should give all our love to each other  
Not this hate that destroys us (Destroys us)  
This is such a pity (This is a pity)

[Verse 2]

What kind of future will we have?  
Will we ever find peace?  
Everybody thinks we're crazy  
They're about to call the police

[Pre-Chorus 2]

I don't want to be a chump  
You think I'm a fascist pig  
Right now, everything is black  
I don't think we'll ever give

[Chorus]

This is such a pity  
We should give all our love to each other  
Not this hate that destroys us (Destroys us)  
This is such a pity (This is a pity)

[Guitar Solo]

[Chorus]

This is such a pity

We should give all our love to each other  
Not this hate that destroys us (Destroys us)  
This is such a pity (This is a pity)  
This is such a pity  
We should give, we should give

[Outro]

All our love (Destroys us)  
All our love (Destroys us)  
All our love (Destroys us)  
All our love (Destroys us)  
All our love (Destroys us)  
All our love (Destroys us)
