

# Jacksboro Highway

## John Mayall & The Bluesbreakers

Just outside of Fort Worth  
Texas one ninety-nine  
There's a rundown strip of old night clubs  
Been there for a very long time  
Head on out towards Jacksboro  
Till you see that neon flashing  
Man they got it all there  
If you're looking for some action

They got the craps game at the Black Cat  
Strip tease at the Duce  
Over at the Skyline  
It's always loud and loose

Hey the winos bummin'  
Rich folks slummin'  
Watchout man  
'cous the cops ain't going to

The Jacksboro Highway  
Jacksboro Highway  
Jacksboro Highway  
There's always something going down

You better watch your back boy  
You better cover your bets  
The further down that road you go  
The rougher it's gonna get

Remember that stabbing at the Peppermint lounge  
Broken glass and blood was on the ground  
You better forget every thing you see  
Even if it's murder in the first degree

Out on the Jacksboro Highway  
Jacksboro Highway  
Jacksboro Highway  
There's always something going down

Hey the winos bummin'

Rich folks slummin'  
Watchout man  
'cous the cops ain't going to

The Jacksboro Highway  
Jacksboro Highway  
Jacksboro Highway  
There's always something going down
