

# Where We Go

P!nk

[Verse 1]

Got a hole in my head and my heart tonight  
Well you shot me down, you just ain't right  
Comes a time when you know you must let go  
I know, I know  
We fixed it, but it's broken  
Got a feeling we gonna get this wrong  
And even I can't be this strong  
It's a breath that you take right before you die  
We lie and lie  
Can't say we didn't try though

[Pre-Chorus]

So here we go  
Take my body, not my soul  
Took me high and left me low  
I honestly never imagined we'd get this far, oh

[Chorus]

There's a road that takes me home  
Take me fast or take me slow  
Throw my head out the window  
Feel the wind, make me whole  
Write my name up in the sky  
As we contemplate goodbye  
I don't know, we don't know, where we go

[Verse 2]

There's not a holy man or prayer in sight  
There's not a priest around to read our rights  
There's no magic balm to save our lives  
I know, I know  
We've both always been broken  
But you had a way of making me forget  
All the sadness rollin' 'round my head  
Well, that was until I wished us dead  
You had my heart  
I wish you would have kept it

[Pre-Chorus]

This world we know  
It takes our bodies, not our souls  
It takes us high and leaves us low  
But they honestly never imagined we'd get this far

[Chorus]

There's a road that takes me home  
Take me fast or take me slow  
Throw my head out the window  
Feel the wind, make me whole  
Write my name up in the sky  
As we contemplate goodbye  
I don't know, we don't know, where we go

[Bridge]

Death is in the air tonight  
I can smell the fear inside  
We can see when we close our eyes  
That's it's alright, (it's alright), it's alright  
Promise me you'll stay with me (stay with me)  
If just for one more night (one more night)  
You can hold me honestly (honestly)  
'Cause it's alright, (it's alright), it's alright

[Chorus]

There's a road that takes me home  
Take me fast or take me slow  
Throw my head out the window  
Feel the wind, make me whole  
Write my name up in the sky  
As we contemplate goodbye  
I don't know, we don't know, where we go

[Outro]

There's a road that takes me home  
Take me fast or take me slow  
I don't know, we don't know  
Take me home
