

X You

Avicii

I need to feel that radio activity
Want you to be the heartbeat inside of me?
Yeah, I need to feel that radio activity
Come with me, this is the sound of the young and free I need to feel that radio activity
Want you to be the heartbeat inside of me?
Yeah, I need to feel that radio activity
Come with me, this is the sound of the young and free
I need to feel that radio activity
Want you to be the heartbeat inside of me?
Yeah, I need to feel that radio activity
Come with me, you'll break the law if you come with me
This is the sound of the young and free
Go with me you'll break the law if you go with me
