

# Summer Jam (feat. Florida Georgia Line)

Jake Owen

You're the flops on my feet  
The top down on my jeep  
You're the watermelon sticky-lip  
Kiss on my cheek  
You're the kick in the cup  
Pretty girl, you know what's up  
You a skinny little dip in the creek You're the shades that hide the rays  
You're even sweeter than my sweet nanny's lemonade  
Yeah you're hotter than a tiki  
Midnight sneaky  
Out my back window, girl,  
You comin' out to meet me, yeah  
Turn it up girl, you're turning me on  
I wanna spin you like a record  
Here forever long  
You know I'm digging what you're doing  
Grooving just like you're grooving  
Hit that playback  
Let's get back to it now.  
You and Me we're like a simple song  
Yeah so damn easy to sing along,  
I don't need a guitar or a band,  
Cause baby you're my Summer Jam You're the sun on my face,  
The cold beer in the case  
You're the little tan legs swinging off of my gate  
You're the moon in my shine,  
You're the rap in my rhyme,  
You ain't a 7, 8, 9,  
Naw, Girl you're a dime  
You're the shades that hide the rays  
You're even cooler than my cooler  
When I'm chilling on the lake  
Yah you finer than fine,  
You put the good in the time,  
You're the fireworks flyin' on the fourth of july  
So Come On! Turn it up girl, you're turning me on  
I wanna spin you like a record  
Here forever long  
You know I'm digging what you're doing  
Grooving just like you're grooving  
Hit that playback  
Let's get back to it now.
