

# Lie Love Live Love

## AWOLNATION

I've been waiting here for hours  
Yeah, I really love you so  
This is turning to disaster lately  
We're the only ones who know Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
I've been wasting time for hours  
Oh yeah, this wait is all I know  
This is turning to disaster lately  
We're the only ones who know Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor  
Lie love live love lie love thy neighbor 'Cause I keep waiting for the eastern flow  
Flow, baby, flow  
Flow, baby, flow  
And I keep waiting for the eastern flow  
(Whoa)  
'Cause I keep waiting for the eastern flow  
Blow, baby, flow  
Flow, baby, blow  
And I keep waiting for the eastern flow  
Still I keep waiting for the eastern flow  
(Whoa)(It's just another, just another 'nother Saturday night) Allow me to explain
