

Under & Over It

Five Finger Death Punch

[Intro]
Yeah, go!

[Verse 1]
Did you hear the one about me being a punk?
Did you hear the one about me being a drunk?
Did you hear the one about me losing my nerve?
Or how I'm just another fucking sheep in the herd?
Did you hear about the money, how it made me change?
So funny to me, all the time that they waste
Did you hear the one about me giving a shit?
Because if I ever did I don't remember it

[Chorus]
You can be me and I will be you
You can live just like a star
I'll take my sanity, you take the fame
I'm under and over it all
(I'm under and over it)

[Verse 2]
Did you hear the one about me playing the game?
Selling my soul and changing my name
Did you hear the one about me being a prick?
Did you know I don't care? You can suck my
Did you hear the one about me trying to die?
Fist in the air and a finger to the sky
Do I care if you hate me? Do you wanna know the truth?
C'est la vie. AdiÃ³s. Good riddance. Fuck you!

[Chorus]
You can be me and I will be you
You can live just like a star
I'll take my sanity, you take the fame
I'm under and over it all
(I'm under and over it)
I, I, I'm under and over it
I, I, I'm under and over it
I, I, I'm under and over it
I, I, I'm under and over it

You can be me and I will be you
You can live just like a star
I'll take my sanity, you take the fame
I'm under and over it all
(I'm under and over it)
I'm under and over it all
(I'm under and over it)
I, I, I'm under and over it
I, I, I'm under and over it
