

# This Is What It Feels Like

**Banks**

I hang on everything that you say  
You know I can see all the things that imply,  
You secretly are in love  
And finally when I let myself fall hard for you  
I see you trying to pretend, like I'm making it up  
This is what it feels like  
This is what it feels like Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It's gettin' old  
Bring it down, bring it on  
Remember the first time that we met  
You said that you couldn't sleep cause of me,  
told me I caught you off guard  
And then when you saw I felt the same, you pulled away  
Started acting like bein' with me was too hard  
This is what it feels like  
This is what it feels like Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It's gettin' old  
Bring it down, bring it on  
Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It's gettin' old  
Bring it down, bring it on
