

# Hey

## Blake Shelton

### [Verse 1]

Hey, hey, I'm out here bailing hay  
And all my friends are cruising 'round town  
Checking' out the pretty girls  
Hey! And what do they say  
They say hey, hey  
Park that Deere, come out and play  
Kick that tire, wipe my perspire  
Because my whole life is hay

### [Chorus]

Growing like weeds, stick out your teeth  
Playing underneath the baby Jesus  
Blowing out the truck, heading down the highway  
Looking pretty soft up in the loft  
Come on baby kick your cowgirls off  
I'm picking you up after I draw my pay  
And we'll be Rolling in the hay

### [Verse 2]

Hey, hey, Ford, Dodge, Chevrolet  
Different strokes for different folks  
A little fella walks up in a pink beret  
He says "Hey" - Hey, hell that's OK  
Turn the guitars up and raise them cups  
Hell my whole life is hay

### [Chorus]

Growing like weeds, stick out your teeth  
Playing underneath the baby Jesus  
Blowing out the truck, heading down the highway  
Looking pretty soft up in the loft  
Come on baby kick your cowgirls off  
I'm picking you up after I draw my pay  
And we'll be Rolling in the hay

### [Verse 3]

Put it on a flatbed and go for a ride  
Under the moonlight, you by my side  
Give it to the cow, make it go moo

Koo-koo-kachoo, kick it off your shoe  
Break a camel's back, jack  
Then you put it in a stack yeah

[Chorus]

Growing like weeds, stick out your teeth  
Playing underneath the baby Jesus  
Blowing out the truck, heading down the highway  
Looking pretty soft up in the loft  
Come on baby kick your cowgirls off  
I'm picking you up after I draw my pay  
And we'll be Rolling in the hay

[Outro]

My whole life is hay  
Rolling in the hay  
Hey!  
Now come here, hey, hey  
Hey!
