[Verse 1: King Sesame]
Something your eyes ain't never seen probably in your dreams
She's ripping the runway in some jeans money ain't a thing
Rocking a crown just like a Queen, honey is looking mean
Am checking around the room just seeing am I the only entertained?
Fantastic, asked if she's got a man that lasted
Ever spend his plastic ? Because he's about to get his ass kicked
I Can't take it or fake it I really wanna get u naked
Sick and tired of the basic , you're premium let's face it
She looks better than the ones in the magazine
Killing whoever you can call her the swagger Queen
Sharper than a knife courteous clever thing
It's not a suprise you're the prettiest I've ever seen
Your beauty is tight and natural I hope u invite me back too
I'm ready to fight and tackle whoever decides to come at you
Don't let them gas you I know you've heard of the WU girl cash rules
I'm ready to bite your apple you're on fire like
Tobasco

[Hook: King Sesame]
Are u Marilyn Monroe? u gotta let me know
Are u Marilyn Monroe? u gotta let me know
Are u Marilyn Monroe? u gotta let me know
Are u Marilyn Monroe? u gotta let me know

[Verse 2:King Sesame]
You're taking my breath away please don't turn up and step away
I'm thinking of where we're now I ain't thinking of yesterday
But if you're wishing to go somewhere far I'll follow you there to Mars
I'm pulling up in my air car Tommorow now here we are

Ain't nothing could stop you , you're hot boo
Whatever you need I'll spot you
Don't let them cuff and lock you don't let them fucking knock you
Always remember they're not you tell them to join your hot crew
And if they're not cool tell them God bless them Aa-choo!
Your beauty is off the chain I'm taking that booty off the market
I'm choosy and I'm saying that you truly just fit my target
You're finer than wine shine all the time 0-99
You're top of the line hot and a dime you're truly should be mine
Outta my mind or maybe the kid Is just Coo coo
I think I gotta recruit you
You're the truth boo playing it neutral
Hop on my last train to Paris ma Choo choo
Girl I salute u

[Hook: King Sesame]

Are u Marilyn Monroe? u gotta let me know
Are u Marilyn Monroe? u gotta let me know
Are u Marilyn Monroe? u gotta let me know
Are u Marilyn Monroe? u gotta let me know

[Outro: King Sesame]

Girl stop fronting
You know how I get down
I know you see me when I come around, stop playing the kid ma
I'll take you to playboy heaven baby lets go
