

I Can't Wait No Longer (Let's Do This)

Luther Vandross

[Verse 1]

Now I've been gone, for some time, baby
But I been thinkin' of you, the whole time through
The thought of your love got me excited
And now that all the waitin' is done
It's time to have some fun, my baby

[Chorus]

Baby, I want you so
I wanna love you head to toe
I can't wait, no, I can't wait no longer
Come on baby, let's do this
You were my lover and my friend
I wanna love you 'til the end
To the very end, girl
I can't wait, no, I can't wait no longer
So come on girl, let's do this, yeah

[Verse 2]

Now you know I'm - I'm not complicated
I only need you, my sweet baby, and your love to drive me crazy
Now that I'm back, baby, you better get ready
'Cause I saved it all for you
I'm gonna love you through and through, my baby

[Chorus]

Baby, I want you so
I wanna love you head to toe
I can't wait, no, I can't wait no longer
Come on girl, let's do this
You were my lover and my friend
I wanna love you 'til the end
To the very end, girl
I can't wait, no, I can't wait no longer
So come on girl, let's do this, yeah

I waited so long to get to this
Come on baby, let's do this, yeah

[Rap: Spinderella]

Ha, ha wait a minute Mr. Vandross

So what you do to this
So work it out, lace this if you can and stay around

You were my lover and my friend
I wanna love you 'til the end
To the very end, girl
I can't wait, no, I can't wait no longer
Come on baby, let's do this, yeah

Baby, I want you so
