

# Bigger Than Us

Hudson Thames

[Verse 1]

When I look back I remember  
When we met how I felt  
How you stayed, how you left  
How you came back someone else  
When I look back I remember  
I remember

When I look back 20/20  
We were young, 21  
We were dumb, it was fun  
22 and we were dumb  
When I look back I remember  
I remember

[Chorus]

Tried to keep it small, it wasn't enough  
It's nobody's fault, it was bigger than us  
At least we gave it all, a little too much  
It's nobody's fault it was bigger than us

[Hook]

Bigger than us  
Us, us

[Verse 2]

When we spoke of the future  
Different dreams, different plans  
Didn't mean to do damage  
We just do what we can  
I look back and remember  
I remember

[Pre-Chorus]

I got no regrets  
Don't know what comes next  
I wish you the best

[Chorus]

Tried to keep it small, it wasn't enough

It's nobody's fault, it was bigger than us  
At least we gave it all, a little too much  
It's nobody's fault it was bigger than us

[Hook]  
Bigger than us  
Us, us

[Bridge]  
Bigger than...  
Bigger than, bigger than  
In some ways we're bigger than  
Bigger than, bigger than

[Pre-Chorus]  
I got no regrets  
I wish you the best

[Chorus]  
Tried to keep it small, it wasn't enough  
It's nobody's fault, it was bigger than us  
At least we gave it all, a little too much  
It's nobody's fault it was bigger than us  
Tried to keep it small, it wasn't enough  
It's nobody's fault, it was bigger than us  
At least we gave it all, a little too much  
It's nobody's fault it was bigger than us  
Bigger than us

[Outro]  
Bigger than us  
Bigger than us
