

# Wave

## Justin Timberlake

[Intro]

Yeah

This is?

Yeah, come on, go (hahahaha)

Wave

Wave, wave

Wave[Verse 1]

Let's go to an island

Like we did last year, catch a vibe

The dreamiest weather

Gon' do a spa and bonfires

[Refrain]

I got on rose-colored glasses

Battin' your eyelashes

Come on, don't be passive

So last time will be magic

This is fantastic, and we could get some practice

And miles on our passes for love[Pre-Chorus]

Would you believe we're alone?

So far from home, but you love it though

Set yourself free, in the zone

Ain't got no phone, don't need it though

[Chorus]

'Cause it ain't got no waves (waves)

Waves (waves)

Waves (waves)

Waves (waves)

And just wave (wave)

Wave (wave)

Wave (wave)

Wave (wave)[Post-Chorus]

Now the other way (wave)

Now the other way (wave)

Now the other way (wave)

Now the other way (wave)

Now the other way (wave)

Now the other way (wave)

Now the other way (wave)

Now the other way (wave)

(Uh, hey)[Verse 2]

Let's do some more riding

I'll catch a couple fish, then we can dine

Look, we're getting better  
Aging like your favorite wine[Refrain]  
I got on rose-colored glasses  
Battin' your eyelashes  
Come on, don't be passive  
So last time will be magic  
This is fantastic, and we could get some practice  
And miles on our passes for love[Pre-Chorus]  
Would you believe we're alone?  
So far from home, but you love it though  
Set yourself free, in the zone  
Ain't got no phone, don't need it though[Chorus]  
'Cause it ain't got no waves (waves)

Wave (wave)[Interlude]  
Wave  
Wave, wave  
Wave  
Wave, wave[Bridge]  
I swear that you (yeah, we're goin')  
Summer's time, my favorite pursuit (yeah, we're goin')  
Bring your ring of shades, no need for shoes (yeah, we're goin')  
All I need is your skin and the air  
I swear to you (go babe, go babe)  
Summer's time, my favorite pursuit (let's go, let's go, let's go, let's go)  
Bring your ring of shades, no need for shoes (go babe, go babe)  
All I need is your skin and the air (let's go, let's go, let's go)[Interlude]  
Wave  
Wave (wave)  
Wave  
Wave  
Wave (wave)  
Wave
