

# Redrum (feat. Felix Snow)

Era Istrefi

I don't care about your money or your fancy cars  
Some people call me Bonnie, I can shoot you like a star  
Sweet like honey, sticky like gum  
Chew you like a cannibal, red, redrum  
Chew you like a cannibal, red, redrum  
Chew you like a cannibal, red, redrum  
Chew you like a cannibal, red, redrumChew you like a cannibal, red, redrumIf you be the apple,  
then I leave you hollow  
Where I go you follow, so you better act right  
My love is bitter sweet, but I can show you heaven  
But first get on your knees, close your eyes and count to seven  
I don't care if you a peasant or a king  
If you're with me then you're everything  
You're too smart for all that drama  
Can't fix my heart with all your commas  
You drive so fast don't care about my mama  
As if we're gonna make it  
And I'm too good for all your bullshit  
But you got something that I don't quit  
So let's pretend like we're too perfect  
As if we're gonna make it  
(As if we're gonna make it)  
(As if we're gonna make it)  
You're too smart for all that drama  
Can't fix my heart with all your commas  
You drive so fast don't care about my mama  
As if we're gonna make it  
And I'm too good for all your bullshit  
But you got something that I don't quit  
So let's pretend like we're too perfect  
As if we're gonna make itAs if we're gonna make it  
As if we're gonna make it
