

# Things You Do for Love

Thomas Rhett

You'd move a mountain, move to New York  
To a rundown apartment you can barely afford  
Ditch all of your plans to follow her dream  
Knowing it might work or fall apart at the seams  
You just wanna see her smile  
You just wanna see her happy  
Just wanna make her happy  
The things you do for love, things you do for love  
The things you do for love  
The things you do for love, things you do for love  
The things you do for love  
It's crazy  
She'll buy you tickets to see a band she don't like  
She'll watch you go crazy  
She'll be beside you, rocking all night  
She'll say you look handsome in a suit that don't fit  
She'll laugh at a joke  
That both of you know she don't even get  
She just wants to see you smile  
She just wants to see you happy  
Just wants to make you happy, yeah  
The things you do for love, things you do for love  
The things you do for love  
The things you do for love, things you do for love  
The things you do for love  
Give your last breath  
Give your last name  
Your umbrella in the pouring rain  
The things you do for love, things you do for love  
The things you do for love  
It's crazy  
She'll keep you grounded  
She'll make you fly  
She'll forgive you  
Even though she already has a thousand times  
Things you do for love, things you do for love  
The things you do for love  
Things you do for love, things you do for love  
The things you do for love  
The things you do for love, things you do for love  
The things you do for love  
Give your last breath  
Give your last name  
Your umbrella in the pouring rain  
The things you do for love, things you do for love  
The things you do for love  
It's crazy  
(The things you do for love) The things you do for love  
(The things you do for love)  
(The things you do for love) The things you do  
The things you do for love, yeah

The things you do for love
