

# Song About You

Mike Posner

[Chorus]

Put all your stuff in a box in my room  
I don't wanna write no song about you  
But you show up in everything that I do

Ooh, ooh-ooh[Verse 1]

Since you've been gone, ain't got nothin' to do  
I sleep until noon, I wake up and feel bad

I think I miss somethin' I never had

Ooh, ooh-ooh[Refrain]

I just wanna unwind, unwind  
Everything that makes me feel confined  
Sometimes I hate sunshine  
Sometimes I hate sunshine

[Chorus]

Put all your stuff in a box in my room  
I don't wanna write no song about you  
But you show up in everything that I do

Ooh, ooh-ooh[Verse 2]

Now it's a cold war, who will call first?  
Try to be productive at work, I just can't  
I miss you a lot, but I ain't comin' back

Ooh, ooh-ooh[Refrain]

I just wanna unwind, unwind  
Everything that makes me feel confined  
Sometimes I hate sunshine  
Sometimes I hate sunshine

[Chorus]

Put all your stuff in a box in my room  
I don't wanna write no song about you  
But you show up in everything that I do

Ooh, ooh-ooh[Bridge]

Yeah, yeah

All your love letters and a pair of Ray-Bans  
I'm growin' my beard, movin' back in my van  
Your side of the bed still smells like you though  
And these memories of us, it's brutal

You know, you know exactly how I feel

We broke up, but you be on my mind still

And the worst type of sadness you could have

Is when you miss somethin' that doesn't miss you back[Chorus]

Put all your stuff in a box in my room

I don't wanna write no song about you

But you show up in everything that I do

Ooh, ooh-ooh
