ZAYN

[Post-Chorus]

We're so late nights
Red eyes, amnesia, on ice
Late nights, red eyes
Amnesia, I need ya

[Verse 1]

Right now, I can't see straight
Intoxicated, it's true, when I'm with you
I'm buzzing and I feel laced
I'm coming from a different phase when I'm with you

[Pre-Chorus]

Another way now, like we're supposed to do
Take you to the back now, I'd take a shot for you
Wasted every night, gone for every song
Faded every night, dancing all night long

[Chorus]

Drunk all summer, drunk all summer
We've been drunk all summer
Drinking and flowing and rolling
We're falling down

[Post-Chorus]

We're so late nights
Red eyes, amnesia, I need ya

[Verse 2]

Right now, I'm emotional
I lose control when I'm with you
I hope I haven't said too much
Guess I always push my luck when I'm with you

[Pre-Chorus]

Another way now, like we're supposed to do
Take you to the back now, I'd take a shot for you
Wasted every night, gone for every song
Faded every night, dancing all night long

[Chorus]

Drunk all summer, drunk all summer
We've been drunk all summer
Drinking and flowing and rolling
We're falling down

[Post-Chorus]

We're so late nights
Red eyes, amnesia, on ice
Late nights, red eyes
Amnesia, I need ya

[Outro]

Drunk, drunk, drunk, drunk
Drunk, drunk, drunk, drunk (You put your drinks up)
Drunk, drunk, drunk, drunk
Drunk, drunk, drunk, drunk
Drunk all summer
Drunk all summer
It's goin' around, yeah
