

Barefoot

Thomas Rhett

[Intro]

Ooh, ooh-ooh, ooh

Ooh, ooh-ooh, ooh

[Verse 1]

At a wedding or a party or some downtown bar

It don't matter where we are, she's gon' shine

When her song comes on, you know it's over (Yeah)

Even if she is completely sober

[Chorus]

My baby's barefoot on the dance floor, spinning all around

Head up in the clouds, feet barely touch the ground

Don't know why I bought 'em, don't know why she brought 'em

Got her shoes up in her hand like she's somewhere in the sand

My baby's barefoot on the dance floor

My baby's barefoot on the dance floor

[Verse 2]

Ooh, ooh, I spent on a lot on money on high heels

For her to stick 'em in her purse

'Fore the band makes it through the first verse, yeah

I stand back and watch her go crazy

I just laugh and say, "That's my baby, baby"

[Chorus]

My baby's barefoot on the dance floor, spinning all around

Head up in the clouds, feet barely touch the ground

Don't know why I bought 'em, don't know why she brought 'em

Got her shoes up in her hand like she's somewhere in the sand

My baby's barefoot on the dance floor

My baby's barefoot on the dance floor

[Bridge]

My baby's bringing me down

My baby's going to town

Like she's never been to town before

My baby's tearing it up

My baby's stirring it up

As soon as she hits the floor

Barefoot on the dance floor, oh yeah, yeah

[Chorus]

My baby's barefoot on the dance floor (On the dance floor)
Spinning all around
Head up in the clouds, feet barely touch the ground
Don't know why I bought 'em, don't know why she brought 'em
Got her shoes up in her hand (In her hand, yeah)
Like she's somewhere in the sand
My baby's barefoot on the dance floor
(Barefoot on the dance floor)
My baby's barefoot on the dance floor

[Outro]

Oh, oh
(Ooh, ooh-ooh, ooh)
Barefoot on the dance floor
(Ooh, ooh-ooh, ooh)
