

# In The Stars (feat. Kiiara)

## ONE OK ROCK

[Verse]

Sick and tired of waiting

If we learn to fly

Where do I arrive? Brave enough to make it

If we ever say

That we found a way [Chorus]

All the way up, up, up

Never look down, down, down

Breaking the ceiling

[?] All the way up, up, up

We never look down, down, down

[?]

Nothing was written in the stars

Oh, oh, oh, oh

Oh, oh, oh, oh

Oh, oh, oh, oh

Written in the stars
