

We Made It

Louis Tomlinson

'Cause we made it, underestimated and always underrated
Now, we're saying goodbye, waving to the hard times
Yeah, it's gonna be alright, like the first time Met you at your doorstep, remember how it tasted
Looking into your eyes, baby, you were still high
Never coming down with your hand in mine (Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah) Oh, my, I remember those nights
Meet you at your uni, cheap drinks, drink 'em all night
Staying out 'til sunrise
Share a single bed and tell each other what we dream about
Things we'd never say to someone else out loud
We were only kids, just tryna work it out
Wonder what they'd think if they could see us now
Yeah, 'cause we made it, underestimated and always underrated
Now, we're saying goodbye, waving to the hard times
Knew that we would be alright, from the first time
Met you at your doorstep, remember how it tasted
Looking into your eyes, baby, you were still high
Never coming down with your hand in mine (Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah) Oh, God, what I could've become
Don't know why they put this all on us when we were so young
Done a pretty good job, dealing with it all when you're here
Don't need to say no more
Nothing in the world that I would change it for
Singing something pop'y on the same four chords
Used to worry 'bout it, but I don't no more
Yeah, 'cause we made it, underestimated and always underrated
Now, we're saying goodbye, waving to the hard times
Smoke something, drink something, yeah, just like the first time
Met you at your doorstep, remember how it tasted
Looking into your eyes, baby, you were still high
Never coming down with your hand in mine (Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah) With your hand in mine
(Yeah, yeah, yeah, yeah) No-no, no-no, 'cause we made it
(Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah) Yeah, 'cause we made it
(Yeah, yeah, yeah, yeah) Never coming down with your hand in mine (Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah)
(Yeah, yeah, yeah, yeah)
