Major Lazer

Ass move! Kingston massive, we ready?
London massive, we ready?
Trinidad massive, we ready?
African massive, ready! So I'mma blaze high till the day I die
Sweat the shit out, every tear, every lie
Hey! Anybody wanna dance with me?
Sipping on my rum in the corner still We a groove to the morning break
Na we go banana in a suga shake
Bring the base up, make a blasta block!
Selecta gonna feed us with a well-cocked rock
See me see me see me, I'm a bim see me swing
Ting tangué swinging like a tingeling
I'm a twang my body till the problems gone Drop baba juice, make it goddamn strong
See me rocking out, going tribal style
Dance like a chicken, flap tiger wild, ah, flap tiger wild Too original fi dem pawdie
Dem frighten all true dem saw mi Dance like a chicken, flap tiger wild, ah Come, come closer
tell a secret boy
Dip you like a dumplin in a cup of soy
Man a crispy don't mean to be ruff
But I really can't stay naah, can't get enough Puff, puff, puff, and I'm back to di heat
Loving it living 128 beat, hey!
Naah shake your meat
Enemy or friend is not an option, ah
We all the same when we go dancing stars
Simsalabim naah, I'm a norden gyal
Bim bim sala, kicking dreadlock style Hunt the reflection from a disco ball
Mayham rumble till I drop and fall
Pump up, bumble bee, swetty, honey Too original fi dem pawdie
Dem frighten all true dem saw mi I just wanna shine
Just like di-diamonds ina di sky
And I really don't care
I love to watch the smoke dance in the air Whistle, whistling
Turn it up, turn it up, turn it up, turn it up Dance like a chicken flap tiger wild, ah Major Lazer
style I love to watch the smoke dance in the air
