

# White Mercedes

Charli XCX

Swallow my feelings  
But I won't swallow my pride  
You know I've got a suit of armor on  
You'll never see me cry

..

1000 bottles

Collecting souvenirs

You know it's so hard to admit it  
But the only good inside of me is you  
I take all these blue and yellow pills  
But nothing seems to last like you

You're chasing after something that you'll never catch Oh Like a white mercedes [Snippet] [Verse  
?]

..you keep on takin'

(Snippet jumps)

..when you-

(Snippet jumps)

..like a white Mercedes

[Chorus ?]

..love you [?] feels like I'm hurting as well

All I know is I don't deserve you

(Snippet jumps)

..like you oohoh

(Snippet jumps)

..your heart is breaking

(Snippet jumps)

..I don't deserve you

All I know is I don't deserve you
