

Right Now

One Direction

Lights go down, and the night is calling to me, yeah
I hear voices singing songs in the street And I know that we won't be going home
For so long, for so long
But I know that I won't be on my own
Yeah, I love this feeling and Right now, I wish you were here with me
'Cause right now everything is new to me
You know I can't fight the feeling
And every night I feel it
Right now I wish you were here with me
Late night spaces with all our friends, you and me, yeah.
Love these faces just like how it used to be And I know that we won't be going home
For so long, for so long
But I know, I won't be on my own
On my own, I'm feeling like Right now, I wish you were here with me
'Cause right now everything is new to me
You know I can't fight the feeling
And every night I feel it
Right now I wish you were here with me And I could do this forever
And let's go crazy together Lights go down and I hear you calling to me, yeah
Right now, I wish you were here with me
'Cause right now everything is new to me
You know I can't fight the feeling
And every night I feel it
Right now I wish you were here with me
