

# Top of the World

## Five Finger Death Punch

I'm tired of bleeding for the ones I love  
Look to the heavens but there's no one above  
One day you need me, the other you hate  
We've all got problems, I can fucking relate I've tried my best to be humble  
I've tried so hard to explain  
I know that nothing is easy  
(Over and over)  
I know that all of it's my fault  
I bring you nothing but pain  
Look at the way that you treat me  
That's why I'm insane Top of the world  
Living the dream, wake me up, wake me up when it's over  
Top of the world  
Living the dream, wake me up, wake me up when it's over  
I'm sick of burning for the ones I despise  
Have you mistaken me for some other guy?  
One day you love me, the other you run  
My life's a comedy, it isn't this fun I've tried my best to be humble  
I've tried so hard to explain  
I know that nothing is easy  
(Over and over)  
I know that all of it's my fault  
I bring you nothing but pain  
Look at the way that you treat me  
That's why I'm insane Top of the world  
Living the dream, wake me up, wake me up when it's over  
Top of the world  
Living the dream, wake me up, wake me up when it's over  
You know I'm living it up  
Never giving a fuck  
I heard you're down on your luck  
I-I just wanna take it  
Living it up  
Never giving a fuck  
Never giving it up  
I-I just wanna break it down Top of the world  
Living the dream, wake me up, wake me up when it's over  
Top of the world  
Living the dream, wake me up, wake me up when it's over  
Top of the world  
Living the dream, wake me up, wake me up when it's over  
Top of the world

Living the dream, wake me up, wake me up when it's over
