

# Focused (feat. Kid Cudi)

Wale

Shawty no joking  
And I'm hoping  
'Cuz I'm not slowing  
Gotta just keep on rolling..I'm joking (young boy moving fast)  
And I'm hoping (granted I don't crash)  
(All I know is) I'm not slowing  
Gotta just keep on rolling  
Gotta keep at it, gotta stay focusedI'm joking (young boy moving fast)  
And I'm hoping (granted I don't crash)  
(All I know is) I'm not slowing  
Gotta just keep on rolling  
Gotta keep at it, gotta stay focused  
Only live once, I'mma live mine up  
Fill up the plug, lemme light my blunt  
I don't really know what the fuck's in my cup  
But a couple shots of it got a nigga on stuck  
I'm just here to have a good time  
A little white chick, a little white wine..  
Out of town, spent a couple nights at hotels  
Smoking weed in the suite 'til we out of towels  
And don't bother me, high as shit from my broccoli  
Fly as shit for no goddamn reason  
And y'all aiite - but y'all not like me  
MMG and that's my clique  
That's BOA, see that's my set  
CDG shit match my kicks  
An apostrophe I'm behind that S  
Or the black Beemer back to pick me up  
Back wood, the tree I'm ashing out?  
See I be kickin my raps good, with or without sales  
I'm killing these blackheads, my rap is Noxema  
Light it up for a nigga  
One or two hoes ain't enough for a nigga  
One or two bottles ain't enough for a nigga  
Red Berry everywhere, got Puffy jealous  
I'm joking (young boy moving fast)  
And I'm hoping (granted I don't crash)  
(All I know is) I'm not slowing  
Gotta just keep on rolling  
Gotta keep at it, gotta stay focusedI'm joking (young boy moving fast)  
And I'm hoping (granted I don't crash)  
(All I know is) I'm not slowing

Gotta just keep on rolling  
Gotta keep at it, gotta stay focused One night love: I'mma need that  
He could own that, shawty, I'mma lease that  
I'mma put you in the game where your cleats at  
I'mma sign that work and release that  
I don't be where the crabs or police at  
I just be where the cash and the freaks at  
Smoking Green Bay nigga, I'm a cheesehead  
In a Lambo, see me where the G's at  
\$10K in my camos  
Word. 10 Js and I can't move  
Shades: LV was a little dough  
I'm going hard for the days I was piss poor  
And go hard cause I feel it's only right to  
Maybach. G.O.O.D music: the right move  
Girls say everything that I write smooth  
Fuck rap, I'm getting pussy off of Haiku  
One time for the girls with the right shoes  
Fuckin with a dude probably the right move  
Two times for the chicks with the right back  
If it's right tonight, I might bite that  
3 times, show me your peace sign  
Not with your hand girl  
Open your knees out!  
Look, money what we 'bout  
Stuntin when we out  
Double M-G - out! I'm joking (young boy moving fast)  
And I'm hoping (granted I don't crash)  
(All I know is) I'm not slowing  
Gotta just keep on rolling  
Gotta keep at it, gotta stay focused I'm joking (young boy moving fast)  
And I'm hoping (granted I don't crash)  
(All I know is) I'm not slowing  
Gotta just keep on rolling  
Gotta keep at it, gotta stay focused
