

# So Over You

Charli XCX

[Intro]

I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
Tell me, baby, will you ever regret me?

[Verse 1]

Just a little girl on the TV screen  
Stuck inside a silver cage  
Body tangled up in chains  
I'm looking for the light in the misery  
All this love is doomed to pain  
Everyday, I feel the same

[Pre-Chorus]

My tears, they cried like a waterfall in the light  
My roses don't bloom since you left me blue  
You've got to stop  
Tryna mess around with my heart  
It's true, I'm through, flying with you

[Chorus]

I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
Tell me, baby, will you ever regret me?  
I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
I promise, baby, that you will never forget me

[Verse 2]

Tryna fly away, tryna spread my wings  
Soaring like a golden bird  
Blocking out the things I heard  
97 girls on your cameraphone  
Secrets kinda suck to burn  
Wish I coulda heard it from you first (ha ha ha ha)

[Pre-Chorus]

My tears, they cried like a waterfall in the light  
My roses don't bloom since you left me blue  
You've got to stop  
Tryna mess around with my heart  
It's true, I'm through, flying with you

[Chorus]  
I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
Tell me, baby, will you ever regret me?  
I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
I promise, baby, that you will never forget me

[Bridge]  
Saw you at the party with everybody  
You look so lonely when you're on your own  
I know we both remember hanging together  
We were so happy  
Now we're moving on

[Chorus]  
I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
Tell me, baby, will you ever regret me?  
I'm so over you  
Tell me, baby, are you over me?  
I'm so over you  
I promise, baby, that you will never forget me

[Outro]  
Saw you at the party with everybody  
You look so lonely when you're on your own
