[Chorus]

Heart of a lion, beating the drum
Fear of the hunted in his blood
The witch doctor is trying to smite you
So take the medicine that he gives you

"off with his head" the queens men cried
Your mystery engulfs the night

A modern man, as long as he's got the...

[Chorus]

Heart of a lion, beating the drum
Fear of the hunted in his blood
The witch doctor is trying to smite you
So take the medicine that he gives you

Steve Levine, wearing all the finest gowns
Your money never let you down
A toast to you and all your friends
A modern man, as long as he's got the...

Heart of a lion, beating the drum
Fear of the hunted in his blood
The witch doctor is trying to smite you
So take the medicine that he gives you

Steve Levine, wearing all the finest gowns
Your money never let you down
A toast to you and all your friends
A modern man, as long as he's got the...

Heart of a lion, beating the drum
Fear of the hunted in his blood
The witch doctor is trying to smite you
So take the medicine that he gives you

Steve Levine, wearing all the finest gowns
Your money never let you down
A toast to you and all your friends
A modern man, as long as he's got the...

[Chorus]

Heart of a lion, beating the drum
Fear of the hunted in his blood
The witch doctor is trying to smite you
So take the medicine that he gives you
